Community Centre Street, Plein Bois, L'Escalier.

PROFILE

Experienced Webmaster based in Mauritius, with years of experience in website creation, maintenance, content management and digital design. I have worked in web agencies, companies and freelance environments, managing websites and developing solutions for clients and internal teams.

My experience includes website updates, technical maintenance, UI/UX improvements, content integration, performance monitoring and the creation of web pages and digital tools. Skilled in HTML, CSS, JavaScript, PHP, Figma, Photoshop and Illustrator, I am comfortable working on both the technical and visual aspects of a website.

I am able to work independently or as part of a team, manage tasks and adapt to different client requirements while ensuring websites remain functional, user-friendly, consistent and up to date.

EDUCATION

HND IN GRAPHIC DESIGN & MULTIMEDIA

Fashion & Design Institute

The programme taught me how to communicate through typography, colour, photography and illustration for print, web and animation design.

DIPLOMA IN ART & DESIGN

Fashion & Design Institute

Developed strong artistic skills through traditional and contemporary art practices, visual communication and creative design projects.

CERTIFICATE IN HTML5, CSS3 & JAVASCRIPT

Linkeo Academy

Training covering the fundamentals of web development using HTML5, CSS3, LESS and JavaScript. The course ended with an assessment that led to an opportunity to work at Linkeo as a Webmaster.

PROFESSIONAL EXPERIENCE

Afeeobop/Ebop

(Jan 2023 – Present)

Front-End Developer/ Webmaster

Responsible for the maintenance, improvement and development of existing websites and digital tools. I also create websites and web solutions for clients, as well as internal platforms for employees. My role includes improving website functionality, integrating features, supporting UI/UX improvements and ensuring that digital tools remain reliable and efficient.

Stella Telecom / Celeste

(Aug 2018 – 2022)

Webmaster

Responsible for creating, managing and maintaining professional websites for small and medium-sized businesses. I handled website updates, content integration and quality control to ensure websites remained functional, user-friendly and up to date.

LINKEO Web Agency

(Dec 2015 – Jun 2018)

Webmaster / UI-UX Developer

Responsible for creating and managing professional websites for small and medium-sized businesses. I worked on website design, content integration, quality control and updates to ensure each site remained functional and user-friendly.

Xtreme Pub Advertising

(Aug 2015 – Dec 2015)

Graphic Designer

Created advertising materials and supported product campaigns, including promotion for the Sunny juice brand.
